Project Title: - Food Ordering System

Date: 11 July 2024

Prepared by: Sabaregirivasan M

Project Overview:

Project Name: Food Ordering App

Project Description: The application will cater to both customers and restaurant owners, providing a user-friendly interface allowing users to order food online from multiple restaurants.

Project Version: 2.0.0

Testing Period: 04/07/2024 to 11/07/2024

Testing Scope:

Functionalities that are being tested:

- User Login
- User Registration
- Place Order
- Order History
- Logout
- Cart

User Stories that are being tested:

- User entering valid Login credentials.
- User entering Invalid Login credentials.
- User registering a new account
- Place Order and paying the bill.
- Viewing Order History
- Logging out
- Add/Update/Delete Items to/from Cart

Testing Environment:

URL/Location: http://localhost:3000/

Credentials:

Restaurant:

Username: Queen@gmail.com

Password: Queen123

Admin:

Username: king@gmail.com

Password: king123

Customer:

Username: kichee123@gmail.com

Password: kichee123

Test Cases:

Test Case ID	Test Scenario	Test Steps	Expected Result	Actual Result	Pass/Fail
TC-001	User entering valid Login credentials.	1. Open the login page	User should be redirected to the login page.	User redirected to login page	Pass
		2. Enter valid username and password	User should be logged in and redirected to the home page.	User logged in and redirected to home page	Pass
		3. Click on login button	User should be logged in and redirected to the home page.	User remains on login page, no error message	Fail
TC-002	User entering Invalid Login credentials.	1. Open the login page	User should be redirected to the login page.	User redirected to login page	Pass
		2. Enter invalid username and password	Error message should be displayed: "Invalid credentials."	Error message displayed	Pass
		3. Click on login button	Error message should be displayed: "Invalid credentials."	No error message displayed	Fail
TC-003	User registering a new account	1. Open the registration page	User should be redirected to the registration page.	User redirected to registration page	Pass
		2. Enter valid details (username,	User should be registered successfully	User registered and	Pass

		email, password, etc.)	and redirected to login page.	redirected to login page	
		3. Click on register button	User should be registered successfully and redirected to login page.	Registration failed, error displayed	Fail
TC-004	Place Order and paying the bill.	1. Login with valid credentials	User should be logged in successfully.	User logged in successfully	Pass
		2. Browse food items and add items to the cart	Selected items should be added to the cart.	Items added to the cart	Pass
		3. Proceed to checkout	User should be redirected to the checkout page.	User redirected to checkout page	Pass
		4. Enter delivery details and payment information	Order should be placed successfully and confirmation message displayed.	Payment failed, error message displayed	Fail
TC-005	Viewing Order History	1. Login with valid credentials	User should be logged in successfully.	User logged in successfully	Pass
		2. Navigate to 'Order History' page	User should be able to view previous orders.	User able to view previous orders	Pass
				Order history page not loading	Fail
TC-006	Logging out	1. Login with valid credentials	User should be logged in successfully.	User logged in successfully	Pass
		2. Click on logout button	User should be logged out and redirected to the login page.	User logged out and redirected to login page	Pass
				User not logged out, remains on same page	Fail
